AQUATICA DIGITAL HOUSINGS BODIES

IMPORTANT NOTICE

Housing suffix explanation

Aquatica housing come traditionally with dual Nikonos strobes connectors, if no suffix is attached, then said housing will be delivered with this connectors set up. (20063 being the exception)

-NK is a housing equipped with two Nikonos connectors

-OPT is a housing equipped with two optical connector (included are adapter to attach two Sea & Sea or two Inon type strobes)

-HYB is a housing equipped with one Nikonos type and one optical type connectors (included are adapter to attach one Sea & Sea or two Inon type strobes)

-DB used exclusively for the Nikon D90 housing, this housing is equipped with two Nikonos type strobe connectors.

-KM is a housing equipped with a single Ikelite manual strobe connector

-KT is a housing equipped with a single TTL type strobe connector, this can only be used with the Ikelite # 4301 TTL converter

-VF this housing will be delivered with both the standard view finder and the Aqua View Finder

Product	For Canon 5D Mk II	Retail
20062	Aquatica for Canon 5D MK II Digital housing with dual bulkheads	3150
